Your presentation will be graded according to the rubric below:

Criteria	Excellent (4)	Good (3)	Adequate (2)	Needs Improvement (1)
Information	All research is factually correct and in the students own words. All required information is included.	Most research is factually correct and in the students own words. Most required information is included.	Some research is factually correct and in the students own words. Some required information is included.	Little research is factually correct and in the students own words. Little of the required information is included.
Graphics	All graphics are attractive (size and colors) and support the theme/content of the presentation.	A few graphics are not attractive but all support the theme/content of the presentation.	All graphics are attractive but a few do not seem to support the theme/content of the presentation.	Several graphics are unattractive AND detract from the content of the presentation.

Role Play Rubric

Criteria	Excellent (4)	Good (3)	Adequate (2)	Needs Improvement (1)
Presentation of Perspective	Convincing communication of character's role, feelings, and motives	Competent communication of character's role, feelings, and motives.	Adequate communication of character's role, feelings, and motives.	Limited communication of character's role, feelings, and motives.
Historical Accuracy	Historical information appears to be always accurate.	Historical information appears to be usually accurate.	Historical information appears to be sometimes accurate.	Historical information appears to be rarely accurate.

Artifact Rubric

Criteria	Excellent (4)	Good (3)	Adequate (2)	Needs Improvement (1)
Elements and Principles	Student planned carefully and showed an awareness of the elements and principles of design.	The student did the assignment adequately, and showed some awareness of design principles but could have planned or experimented more effectively.	While the project is still below the acceptable level, the student has shown improvement in this area.	The student completed the project but there is no evidence of planning, or use of design principles. or Student did not complete the project.
Creativity	The student demonstrated outstanding originality. The student exceeded teacher expectations.	The student met the minimum requirements of the assignment, but the project lacks the ability to "stand out".	While the project is still below the acceptable level, the student has shown improvement in this area.	The student did not complete the project.
